Nathalie Weider – Akkordeon-Session

Zwei Songs, zwei unterschiedliche persönliche Geschichten von Nathalie Weider. Gemeinsam ist ihnen die Dynamik von Nähe und Distanz – eine Dynamik, die Goran Kovačević's melancholisches Akkordeonspiel nicht treffender hätte musikalisch aufnehmen können.

Two songs, two different personal stories of Nathalie Weider. What they have in common is the dynamic of closeness and distance – a dynamic that Goran Kovačević's melancholy accordion playing could not have musically captured more aptly.
